

SDG Goal 1 No poverty

SDG Target 1.5 By 2030, build the resilience of the poor and those in vulnerable situations and reduce their exposure and vulnerability to climate-related extreme events and other economic, social and environmental shocks and disasters

SDG Indicator 1.5.3 Number of countries that adopt and implement national disaster risk reduction strategies in line with the Sendai Framework for Disaster Risk Reduction 2015-2030

1. Name of data series	
Existence of a Strategy for Adaptation to Climate Change	
Compliant with SDG metadata: no	SDG Metadata

2. Definition of indicator	
The data series reflects whether a strategy for adaptation to climate change exists on the federal level.	
3. Comparison with SDG metadata (as of 27/11/2017)	
<p>The time series provided relates to the first part of the indicator regarding the adoption of a relevant strategy.</p> <p>A detailed comparison with the existing SDG metadata for this indicator is not expedient, as it is outdated. An updated "Technical Guidance for Monitoring and Reporting on Progress in Achieving the Global Targets of the Sendai Framework for Disaster Risk Reduction" of which the given indicator is part, was published in December 2017.</p>	

4. Data description	
If a strategy for adaptation to climate change exists on the federal level the indicator is one, if no such strategy exists it is zero.	
5. Calculation method	
Not applicable	
6. Unit of measure	Number

7. Timeliness	8. Frequency
Not available	Annual
9. Last regular revision	10. Revised period
Not applicable	Not applicable

11. Accessibility of source data
The German strategy for adaption to climate change: https://www.preventionweb.net/files/27772_dasgesamtenbf1-63.pdf
12. Metadata on source data
The German strategy for adaption to climate change: https://www.preventionweb.net/files/27772_dasgesamtenbf1-63.pdf
13. Related SDG data series (duplicate indicators or sub-indicators to same indicator)
11.b.1 Existence of a Strategy for Adaptation to Climate Change
13.1.2 Existence of a Strategy for Adaptation to Climate Change
