

## SDG Goal 14 Life below water

**SDG Target 14.a.1** Increase scientific knowledge, develop research capacity and transfer marine technology, taking into account the Intergovernmental Oceanographic Commission Criteria and Guidelines on the Transfer of Marine Technology, in order to improve ocean health and to enhance the contribution of marine biodiversity to the development of developing countries, in particular small island developing States and least developed countries

**SDG Indicator 14.a.1** Proportion of total research budget allocated to research in the field of marine technology

|   |                              |
|---|------------------------------|
| 1. Name of data series  |                              |
| <b>Federal budget on research and development in the field of coastal, ocean and polar science, geoscience</b>  |                              |
| Compliant with SDG metadata: no   | <a href="#">SDG Metadata</a> |
| 2. Definition of indicator  |                              |
| The indicator measures the federal budget on research and development in the field of coastal, ocean and polar science, geoscience.   |                              |
| 3. Comparison with SDG metadata (as of 11/07/2017)  |                              |
| Additional indicator  |                              |
| 4. Data description   |                              |
| <p>The statistics includes data from the following ministries and their subordinated agencies:<br/>Federal Ministry of Education and Research, Federal Ministry on the Environment, Nature Conservation and Nuclear Safety, Federal Ministry for Economic Affairs and Energy, Federal Ministry of Food and Agriculture, Federal Ministry of Transport and Digital Infrastructure.</p> <p>The funding catalogue does not cover 100% of all grants approved in the above-mentioned ministries, but each department decides on its own responsibility which fields of funding are included in the catalogue.</p> <p>The subcategories of the field of coastal, ocean and polar science, geoscience can be found in the funding catalogue under "FB".</p> |                              |
| 5. Calculation method   |                              |
| Not applicable  |                              |
| 6. Unit of measure  | Millions of euros            |

|                          |                    |
|--------------------------|--------------------|
| 7. Timeliness            | 8. Frequency       |
| Not available            | Annual             |
| 9. Last regular revision | 10. Revised period |
| Not applicable           | Not available      |

|   |
|---|
| 11. Accessibility of source data  |
| <p>Report „Daten und Fakten zum deutschen Forschungs- und Innovationssystem – Datenband Bundesbericht Forschung und Innovation 2018“ (Only available in German):</p> <p><a href="https://www.bundesbericht-forschung-innovation.de/">https://www.bundesbericht-forschung-innovation.de/</a></p> <p>Förderkatalog (Only available in German):</p> <p><a href="https://foerderportal.bund.de/foekat/jsp/StartAction.do?actionMode=list">https://foerderportal.bund.de/foekat/jsp/StartAction.do?actionMode=list</a></p> |
| 12. Metadata on source data   |
| Not available, because indicator is based on a special evaluation   |
| 13. Related SDG data series (duplicate indicators or sub-indicators to same indicator)  |
| Not applicable  |
